SUMMARY

I am Deva K, a final-year ECE student at Sairam Engineering College, set to graduate in 2024. With a strong foundation in electronics and communication engineering, I have honed my skills in UI/UX design through real-time projects that blend technical proficiency with user-centered design principles. My engineering background allows me to approach design challenges with a problem solving mindset, ensuring that every interface I create is not only visually appealing but also highly functional. I am passionate about creating intuitive user experiences and am excited to bring my technical and creative skills to a dynamic UI/UX role.

TECHNICAL SKILLS

- **Programming:** Python, java(basic) & OOPs.
- **Ui/Ux:** Wireframing, Figma Tool.
- **Web Development:** HTML, CSS, JavaScript.
- **Database:** MySQL.

ACADAMIC PROJECTS

Title: Non-Invasive glucose Monitoring System using RF Antenna *May'22 - Apr'23*
Summary: Led the development of a non-invasive glucose monitoring system to revolutionize diabetes management. Integrated cutting-edge sensing technologies for accurate, needle-free glucose level estimation. Resulted in a user-friendly alternative to traditional methods, enhancing adherence to monitoring and improving overall quality of life for individuals with diabetes.

Title: Portfolio Website *Nov'23 - Dec'23*
Summary: Crafted a polished portfolio website with HTML, CSS, and JavaScript. Highlights include sections for projects, skills, and contact information, all with responsive design for seamless viewing.
